Penang Start-Up Accelerator

Penang Startup Accelerator Program is the collaboration between Penang Youth Development Corporation (PYDC), Vincaps Capital, and Big Domain. We believe in enabling startups and businesses to bring their ideas or business model to the next level by providing funding, network and state of art facilities available in Penang island.

Several workshops including Overview of Legal Concerns for Start-ups, Leadership, Equity Crowdfunding and NLP & Sales were conducted to boost up and to accelerate the existing business and realising the business ideas.

Youth Entrepreneurship Challenge (YEC)

Youth Entrepreneurship Challenge (YEC) is a platform for young entrepreneurs to present their ideas and develop their business idea. This platform also aims to develop the youth's ideas into reality through guidance and mentorship for the development of the entrepreneurial spirit which can contribute greatly to the positive development of young people and their communities. Below are the preparatory workshops attended by YEC participants and the public.

Jom Undi!

Undi18 Campaign continue hopping from here to there!

If you have reached 18 year-old, you can **VOTE** now!

With the implementation of lowering the voting age and Automatic Voter Registration, more youth will participate in our nation-building and democracy process.

This month we have a total stationed at **8** different places to promote this civic awareness initiative and conduct the voting simulation for all the youth all over the corner in Penang!

We managed to collect more than **500** sets of survey about the awareness of youth towards Undi18. The majority of them are aware that youth can vote in the GE at the age of 18.

I.D.E.A FAIR @ USM Engineering Campus Nibong Tebal

This year, PYDC will be co-organising I.D.E.A. Fair 2022 together with USM Robotics Club!

The I.D.E.A Fair is back after 2 years ! Our theme for this year was “Sustainable Technology” . We were back with the goal of providing an eye-opening exhibition as well as workshops related to design and programming. In addition, we also had many other exciting STEM programs on offer that will enrich your mind. All the workshops and talks were held virtually this year . This was a unique opportunity for anyone interested in STEM, and had participated by almost 300 youth throughout the programmes and 40 exhibitors participated with their projects inside and outside the campus on that day.

Our objective for this event was to provide a platform for knowledge exchange in fields of science, art, technology, and engineering (STEM) . We also aim to showcase potential ideas, creativity, maker spirit, and innovations from the exhibitors and promote critical thinking among Malaysian youth . Last but not least, we hope to bring you an immersion experience in science and technology.
